Application late fees

Applications received after January 1st are accepted on a case-by-case basis.

The deadline for returning krewes gives them the opportunity to select a float decoration idea before the parade is opened to new krewes.

A complete application includes the online form, payment, and sketch and costume description.

The fines for late application increase the later the application. Maximum fine is \$250.

UPON ACCEPTANCE:

A krewe representative and driver are required to attend a parade krewe meeting. Meeting information will be posted on the website www.stlmardigras.org as well as emailed to krewe contacts as provided in the online application.

Any changes to the information provided with the parade application should be sent to the parade chairperson.
